Dr. Maria Montessori

Our main goal at Stream Montessori School Nature Camp is to ensure that your child is happy and safe. The camp provides a nurturing, creative and active environment, in which every child can grow, build self-confidence and make friends. The fun activities stimulate children's curiosity and facilitate children's natural learning.

1. Our own outdoor exploring space. Our beautiful and unique park like backyard allows our children be close to nature, have sports activities, and enjoy picnics.
2. Our Summer camp is staffed by experienced Montessori teachers and Early Childhood Educators, each with their own unique talents to share and enrich the program.
3. Activities include Practical Life, Sensorial, Language, Math Culture. Tailored programs to suit children's age and interest.
