6/26-7/7 Modes of Transportation

How many modes of transportation?

1. Walking
 - Pedestrian Safety
 - Nature Walk
2. Public transportation
 - Culture exploration: types of transportation around the world
 - Sustainable public transportation: Benefit for the Environment
3. Bicycles
 - Bike safe
 - Bike adventure
4. Rollerblade/Skateboards
 - Balance and Coordination
 - Art expression
5. Scooters
 - Agility and Speed

7/10-7/14 The Amazing Human Body

Parts of the body; How they function; How does the digestive system work?

Human body is incredibly complex. Children learn some of the major systems through fun activities.

1. Anatomy: Discover the internal mechanics of the human body

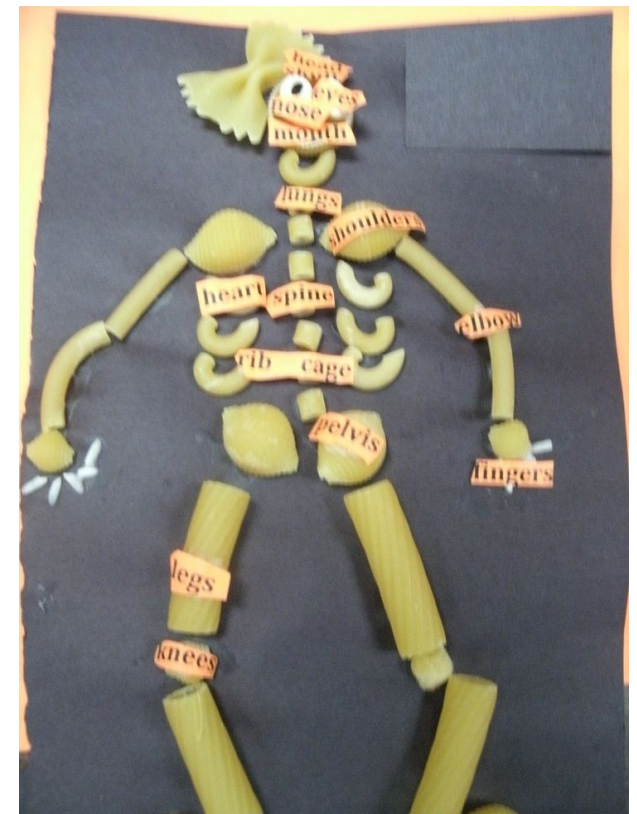

- Skeletal: Bone and Knee
- Circulatory : How does the heart pumps blood? What are arteries and veins?
- Digestive System
- Nervous System: Brain and Senses

2. Nutrition:

- Healthy food habits

3. Health and Wellness

- Good hygiene habits

7/17-7/21 Every Child is an Artist

Bring out the hidden artist within your child through arts and crafts.

1. Van Gogh - Starry Night
Motion and brushstroke
2. Van Gogh - Sunflowers
Sunflower collage
3. Monet - Water Lilies
Watercolor painting
4. Leonardo da Vinci - Flying Machines
Paper airplane challenge
5. Leonardo da Vinci - Mona Lisa
Self portrait

7/24-7/28 Ocean Exploration in A Submarine

Discover the world around us. Learn fun facts about the ocean.

1. What are Oceans
 - Types of Oceans
 - Map the Oceans
 - Ocean Craft
2. Life Underneath the Sea
 - Ocean Animal
 - Marine Ecosystems
 - Ocean Life Craft
3. High Tide and Low Tide
 - Tide Experiment
 - Tide Chart Reading
 - Tide Art
4. Submarines
 - Submarine Design
 - Submarine Adventure
5. Coral Reef exploration
 - All about Coral Reef
 - Creatures in Coral Reef
 - Ecosystem

7/31-8/4 Let Us Travel To Space

Go beyond our planet and explore the outer space.

1. Exploring the Solar System
 - Identify and describe the unique features of each planet
 - The sun and the planets
 - Spacecraft for Planetary Exploration
2. Gravity Experiments
 - Gravity and Weight
 - Zero gravity
 - Black Hole Simulation
3. Astronomy and Astrophysics
 - Stargazing
 - Rocket Launcher
4. All about the Moon
 - Lunar Cycle
5. Astronauts
 - Travel to the Moon

8/7-8/11 Wish I Were a Bee: Exploring the Beauty of Flowers

1. Different Types of Flowers:
 - The Garden of Flowers: Exploring the Many Varieties of Floral Beauty
 - Petals Galore: A Guide to Different Types of Flowers
 - The Language of Flowers: Learning about the Meanings and Significance of
2. Different Flower Types
 - Different Names of Flowers:
 - Name That Flower: Discovering the Many Names and Origins of Different Flowers
 - The A to Z of Flowers: Exploring the Alphabet of Floral Names
 - Floral Fantasia: Learning the Common and Scientific Names of Flowers
3. Parts of a Flower:
 - Anatomy of a Flower: A Kid's Guide to the Different Parts of a Flower
 - Blooming Brilliant: Understanding the Function and Structure of Flowers
 - From Stamen to Sepal: Learning the Terminology of Flower Parts
4. Bees and Honey:
 - Buzzing with Bees: A Guide to Pollination and Honey Making
 - Honey, I'm Home: How Bees Turn Nectar into Sweet Treats
 - The Bee's Knees: Understanding the Importance of Bees and Their Role in Flower Pollination and Honey Making
5. Flower Power:
 - Flowers Arrangement: Exploring the Healing Properties and Symbolism of Different Flowers
 - Floral Fashion: Discovering the Use of Flowers in Clothing and Accessories
 - Flowers in Art: Appreciating the Beauty of Flowers in Paintings, Sculptures, and other Art Forms

8/14-8/18 Travel with a Droplet

Formation of Clouds:

- Cloud Creations: How Clouds are Formed
- Let's Make a Cloud: A Guide to Cloud Formation
- Cloudy with a Chance of Fun: Learning about Cloud Formation

Types of Clouds:

- Cloud Nine: Exploring the Different Types of Clouds
- Cloud Spotting: A Guide to Identifying Cloud Types
- Cloud Atlas for Kids: Discovering the Many Types of Clouds

Thunderstorms:

- The Thunder Rumbles: Understanding Thunderstorms
- When Lightning Strikes: A Kid's Guide to Thunderstorms
- Storm Chasers: Learning about Thunderstorms and Staying Safe

Water Cycle:

- The Water Cycle in Motion: Understanding the Journey of Water
- Follow the Water: Exploring the Water Cycle for Kids
- Water World: Discovering the Importance of the Water Cycle

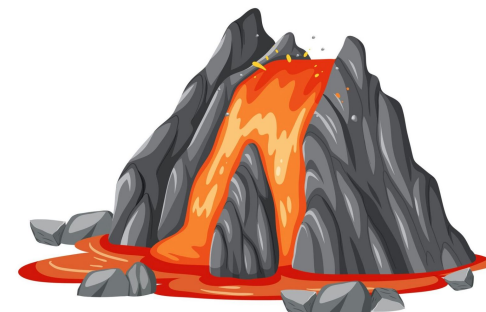

Importance of Rain:

- Rain, Rain Go Away...Or Not: Learning about the Importance of Rain
- The Magic of Rain: Discovering the Wonders of Precipitation
- Rainbows and Sunshine: Celebrating the Benefits of Rain

8/21-8/25 Science is Fun: From Earth to Sky

1. Volcano Science:
 - The Fiery Earth: A Kid's Guide to Volcanoes and How They Work
 - Volcano Explorers: Learning about Volcanic Eruptions and the Effects on the Environment
 - Volcanic Wonders: Discovering the Beauty and Power of Volcanoes
2. Slime Science:
 - The Science of Slime: Learning about Polymers and Non-Newtonian Fluids
 - Slimy Science Experiments: Making and Testing Different Types of Slime
 - Slime Time: Exploring the Fun and Creative Possibilities of Slime
3. Shaving Cream Rain Clouds:
 - Weather Wonders: Understanding Cloud Formation and Rainfall
 - Shaving Cream Science: Creating and Observing Shaving Cream Clouds and Rain
 - Cloudy with a Chance of Fun: Learning about Weather through Hands-on Experiments
4. Lava Lamps:
 - Groovy Science: Exploring the Science of Lava Lamps and Liquid Motion
 - Lava Lamp Lab: Making and Experimenting with Homemade Lava Lamps
 - Light and Motion: Discovering the Physics of Lava Lamps and Their History
5. Static electricity butterfly
 - Electrifying Fun: Exploring Science with Static Electricity
 - Static Charge Creations: A Guide to Making Static Electricity Butterflies
 - The Power of Static: Learning about Static Electricity and Its Effects on Objects.

8/21-8/25 Going Green

Trash to Treasure

Bird Feeders

Seed Bombs

Shopping Bags

<p>5</p> <h3>Trash to Treasure!</h3> <p>Create art using recycled materials</p> 	<p>6</p> <h3>Bird Feeders</h3> <p>Using recycled water bottles, campers will create bird feeders they can take home and hang.</p> 	<p>7</p> <h3>Seed Bombs</h3> <p>Using scrap paper from the classrooms, students will create seed bombs. They will then be able to take them home to plant.</p> 	<p>8</p> <h3>Shopping Bag</h3> <p>Using old T-shirts, campers will make reusable shopping bags</p> 
---	--	--	--

Animal Planet

2

Desert

How does a camel hold its water for days at a time?
Campers will research and find the answer to this question.

3

Tundra

Crisco Blubber
Campers will use crisco to compare how icy water feels with a blubber layer.

4

Rainforest

We will be making a rainforest terrarium.
Campers will create the layers of the rainforest within the terrarium.

5

Savannah & Grassland

Campers will take part in the Elephant Toothpaste experiment.

6

Marine

Layers of the Ocean
Campers will create the different layers of the ocean using bottles then determine which animals live at the different levels and why.

Around the World

16 Jet Set Around the World

Campers will create their own passports and travel to different countries.

17 Canada

Campers will make maple candies

18 Italy

How strong is Spaghetti?
Campers will test the strength of angel hair spaghetti using plates and classroom objects to increase the weight they hold

19 Japan

Campers will make candy sushi rolls and give chopsticks a try during lunch or snack.

20 Egypt

Make a Mummy
Students will use art materials to create a mummy with their own picture as the mummy face.

Stream Montessori school

Summer camp 2023

Summer camp is a fun holiday full of activities that seek to teach children important life skills.

EVERY FRIDAY WILL HAVE TEDDY BEAR PICNIC- Each child can bring their own bear

JUNE 26TH-JULY 7TH

There are several modes of transportation.

- 1.Strollers
- 2.Bicycles
- 3.scooters
- 4.skateboards
- 5.Bus
- 6.Trains
- 7.walking
- 8.Planes
- 9.Boats
- 10.ships
- 11.cars/Taxis
12. Helicopters
13. Hot air balloons
- 14.cable cars.
15. Motorcycles.

JULY 10-14

Parts of the body-how they function. How does the digestive system work?

How does the heart pumps blood? What are arteries and veins?

What are healthy food habits.

Play is the work of the child

Nature Camp Summer 2021

"Free the child's potential and you will transform him into the world."

Dr. Maria Montessori

Our main goal at Stream Montessori School Nature Camp is to ensure that your child is happy and safe. The camp provides a nurturing, creative and active environment, in which every child can grow, build self-confidence and make friends. The fun activities stimulate children's curiosity and facilitate children's natural learning.

1. Our own outdoor exploring space. Our beautiful and unique park like backyard allows our children be close to nature, have sports activities, and enjoy picnics.
2. Our Summer camp is staffed by experienced Montessori teachers and Early Childhood Educators, each with their own unique talents to share and enrich the program.
3. Activities include Practical Life, Sensorial, Language, Math Culture. Tailored programs to suit children's age and interest.

Highlights of the Nature Camp

- **Muddy Fun: Craft with Clay.** Strengthen little fingers, let the imagination soar with the magical material of clay. Kids will learn shapes, and create new exciting projects, which will be used to decorate classroom and available to take home at the end of camp.
- **Nature Wonder: Grow Mushroom & Vegetable and Outdoor fun.** Our outdoor park like areas offer fresh air and easy social distancing. Kids of all ages can saddle up, have farm fun, sport or water play.
- **Culinary Art: Creative Cooking & Baking.** Food as Art, Food as Design. A fun and hands-on Cooking / Baking work not only teach culinary technique, but also a great way to try new food, master hand-eye coordination, and practice social skills like sharing and following directions.
- **Caring for Pet: Bird, Chicken, Guinea Pig & Rabbit.** Our special guest Bird Buddy, Chicken Cockrey, Guinea pig Peanut, Rabbit Ray and more will visit us weekly.
- **Science Explorer: Science is fun,** There is no better way to get young scientists excited about learning than with hands-on activities and science experiments. Camper have a blast learning about the world around them.
